

Pet Policy

We know that pets are family and we welcome them into our homes however there are a few terms and conditions to ensure that all our customers and their furry friends are happy and safe.

There are no fees for keeping a pet in a Lloyds Living home but you will need to complete an application form where we ask a few questions about your pets and we will need to confirm that we are happy with the information provided.

There are some things we will need to take into consideration for the wellbeing of all our customers such as the size of pet and the type of home. We will also need to take into account factors not within our control such as estate wide regulations as many of our homes are within larger developments.

A copy of the pet application form can be requested by contacting us at lettings@lloydsliving.co.uk.

If you live in a house we will accept applications for the following:

- 2 small dogs or 1 large dog
